

**Remarks**

The specification has been amended to recite the claim for priority; to add headings and subheadings recommended by the United States Patent and Trademark Office; and to correct minor translation errors, including correct numerical usage. The claims have been rewritten to reflect current U.S. practice and to eliminate multiple dependent claims.

The International Search Report cited only "A" references (technological background). Early favorable consideration is therefore respectfully solicited.

Respectfully submitted,

**Wilfried Kalchauer et al.**
